About the Conference

On March 28-29, 2023, Department of Chemistry, University of Kalyani will host the national conference on 'EMERGING DIMENSIONS IN CHEMICAL SCIENCES (EDCS-23)' jointly with Chemical Research Society of India (CRSI), Kolkata Chapter. The organizing committee cordially invites you to this event. The conference will feature several plenary talks, invited talks and poster presentations focusing on emerging dimensions of research in chemical sciences. The objective of the conference is to bring together a panel of highly-accomplished experts working in cutting edge research in diverse areas of chemical sciences in India.

About the University of Kalyani

The University of Kalyani, established in 1960, is a State Government aided University (UGC affiliated, NAAC A-Grade accredited) situated in Kalyani, West Bengal, India. The university was ranked 89 among universities in India by the National Institutional Ranking Framework (NIRF) in 2020. Our University is an affiliating University with several undergraduate colleges affiliated to it. The town of Kalyani today is a hub of scientific activity with IISER Kolkata, AIIMS Kalyani, IIIT, National Institute of Biomedical Genomics (NIBMG) and three Universities located within a few kilometers. There are academic exchanges and active collaborations between research groups in these Institutions. The organization of EDCS-23 jointly with CRSI Kolkata Chapter will help to augment the academic activities within the region.

About the CRSI

The Chemical Research Society of India (CRSI) was established in 1999 as part of the 50th anniversary celebrations of the country's independence. The main objectives of the CRSI are to recognize, promote and foster talent in Chemistry and Chemical Sciences and to improve the quality of Chemical Education at all levels. Since its inception in 1999, CRSI has actively brought together the Chemistry community in India for the past two decades. Conferences and seminars both at the National and Regional level have been organized under the banner of CRSI throughout the year with the aim of fostering talent in teaching and research in chemistry.

Invitation for Sponsorship

Since its inception in 1999, CRSI has brought together the Chemistry community in India for the past two decades by organizing symposia and conferences at the national and local levels. In addition to talks by renowned scientists from academic institutions, CRSI meetings also provide an ideal platform for Industry/ Companies Producing Chemicals and Pharmaceuticals / Other Selected Companies to show-case their products, offers, and present their contributions to societal upliftment. The organizers are committed to providing wide publicity to Potential Sponsors via the web, printed media and social media. We commit to showcase the sponsors via conference banners, advertisement pages in the conference proceedings and setting up stalls during the conference (on demand). We heartily welcome generous sponsorship from Industrial Organization and Companies.
